

WANTED

YOUR STORIES

Hi all,

As you may know, SmartDrive is a partner with the Delaware Office of Highway Safety (OHS) and together our mission is to promote safe driving. SmartDrive focuses on teens and young adults in the tri-state area.

Right now, OHS is assisting the Delaware Division of Motor Vehicles and Department of Education in looking for testimonials — for use on a new state website — by teens who have experienced one or more of the following:

- a) been in crashes and survived because they were doing something right (wearing seat belts);
- b) been in crashes because they were doing something they shouldn't (like speeding or drinking and driving) and realize the error of their ways;
- c) lost friends or family members in crashes because of a teen's driving error — this includes pedestrian and bike incidents.

If your story involves a lesson taught by a Delaware Driver Ed instructor or SmartDrive, all the better! The testimonials can be submitted in writing via email or videotaped to me at kbusby@smartdrivede.org. If chosen by DMV, they will appear on the state website and if chosen by SmartDrive, will be videotaped in one of Delmarva Broadcasting's studios for use in the 2009-2010 SmartDrive program.

Please include your name, age, school, and contact phone number.

Thanks for participating in advance!

Mrs. B

The Delaware Office of
Highway Safety
